TRANSIT COURIER

Go Further

# Leader

## Key exterior features

- New front-end appearance and grille
- 15" steel wheels with centre caps
- Twin chamber halogen headlights
- Daytime running lights
- Ford Easy Fuel capless refuelling system
- Remote central locking
- Active Grille Shutter (diesel versions)

Transit Courier – Base 16-17

## Key Interior features

- My Connection Radio with MyFord Dock
- DAB Radio with Bluetooth® and USB connectivity
- Rake- and reach-adjustable steering column
- Fixed bulkhead (Van only)
- Centre console with two cup holders and A4 document stowage
- Driver's airbag
- Load compartment lighting (Van only)
- Electric power-assisted steering

## Bodystyles

- Van
- Kombi

## Engines

### Petrol

- 1.0 Ford EcoBoost 100 PS (75 kW) Euro Stage 6.2 with Auto Start-Stop

### Diesel

- 1.5 Duratorq TDCi 75 PS (56 kW) Euro Stage 6.2 with Auto Start- Stop

*Model shown is a Transit Courier Van Leader in Moondust Silver metallic body colour (option).*

# Trend

## Exterior features in addition to Leader

- Single side load door
- 15" steel wheels with full wheel covers
- Front fog lights
- Electrically-operated and heated door mirrors
- Dual side load doors (option)

## Interior features in addition to Leader

- Underseat stowage drawer
- SYNC 3 with 4" colour display
- Driver's seat adjustable lumbar support and armrest
- Overhead stowage shelf
- Electrically-operated front windows with one-touch lowering on driver's side
- Leather-trimmed steering wheel
- Fuel computer
- Bright-finish door release handles
- Courtesy lights with front map-reading lights

## Bodystyle

- Van

## Engines

### Petrol

### Diesel

- 1.5 Duratorq TDCi 75 PS (56 kW) Euro Stage 6.2 with Auto Start-Stop
- 1.5 Duratorq TDCi 100 PS (75 kW) Euro Stage 6.2 with Auto Start-Stop

Driver's seat adjustable lumbar support and armrest (Standard)

Electrically-operated and heated door mirrors (Standard)

Model shown is a Transit Courier Van Trend in Metal Blue special metallic body colour (option).

# Limited

## Exterior features in addition to Trend

- 15" 5-spoke alloy wheels
- Body colour front bumper and upper rear bumper end caps
- Body colour door handles and side mouldings
- Electrically-operated and heated door mirrors with body colour housings
- Automatic headlights and rain-sensing wipers
- Rear parking distance sensors
- Side door track cover

## Interior features in addition to Trend

- Ford SYNC 3 radio, 6" touchscreen colour display, hands-free calling (with Voice Control), Apple CarPlay, Android Auto, AppLink, Emergency Assistance\*, USB connectivity and 4 speakers (front)
- Auto-dimming electrochromic rear-view mirror (only with rear glazing option)
- Leather gearshift knob
- Locking glove box lid
- Cruise control with Adjustable Speed Limiter
- Electronic Automatic Temperature Control
- Front electrically-operated front windows with one-touch up and down on driver's and passenger's side
- 12 V power point in loadspace

16" 7-spoke alloy wheels with 'Magnetic' painted finish (Standard)

Partial leather/embossed cloth trim (Standard)

Model shown is a Transit Courier Van Sport in Race Red solid body colour (standard).

# Get the most from your new Ford

We want to help you get the most from your new Ford. And to do that, you need to know how much it is designed to safely carry, both in terms of payload and load volume. Your Ford Commercial Vehicle Dealer can provide professional advice on important specification aspects, and help to find the right van for your budget and business needs.

## The new Ford Transit Courier is designed to carry cargo – and lots of it.

Choosing a new van is an important decision with lots of factors to be considered. While some aspects, like selecting the most appropriate derivative, identifying the intended primary use and determining load box size are relatively simple, others, such as calculating payload are more complex.

### Payload capacity

To calculate payload, you need to know two things: the vehicle's gross vehicle mass (GVM) and its kerb mass.

### Gross Vehicle Mass (GVM)

GVM is the maximum permissible weight of the vehicle when loaded and ready to go – that includes the weight of the vehicle itself, ancillaries, driver and crew (assuming the industry standard weight of 75 kg/person), fluids, fuel tank 90% full (1 litre of diesel = approximately 0.85 kg), optional and aftermarket equipment, and cargo.

### Kerb Mass

Kerb mass is the weight of a standard-specification Base series vehicle, including fluids and fuel tank 90% full, but without the driver, crew or cargo. If you intend to load the vehicle close to its maximum capacity, it is recommended that you add a margin for error of 5% of the GVM to the kerb mass figure before calculating payload, to reduce the risk of overloading.

**Payload** is the difference between the two.

**Gross vehicle mass minus kerb mass = payload**

### Gross Train Mass (GTM)

Gross train mass is the total permissible all-up weight of a vehicle, together with its trailer and load.

So to help you choose the right vehicle for your needs, here are some more detailed explanations about the factors that can influence a vehicle's payload. These include, but are not limited to:

### Driver and crew

We calculate the weight of the driver and crew based on the industry-standard weight of 75 kg/person. Remember that the driver and crew are not included in the kerb mass figure, so when a driver or crew boards the vehicle, its payload will be reduced accordingly.

### Factory-fitted options

Most factory-fitted options will affect a vehicle's payload. For example, air conditioning can add approximately 13 kg to a vehicle's weight, and therefore reduce its payload accordingly.

### Series

All kerb masses quoted in this brochure are for standard-specification Base series models without a spare wheel. Trend series models will generally weigh more than Base series due to the increased level of features and equipment.

### Manufacturing tolerances

Variations in manufacturing and production processes mean that no two vehicles are likely to weigh exactly the same.

### Accessories and aftermarket conversions

It is important to think carefully about what to do with your vehicle after you take delivery. Any accessories fitted or aftermarket conversions to the vehicle may adversely affect its payload. Please speak to your Ford Commercial Vehicle Dealer for more information and advice.

If payload is critical to your business, or if you plan to carry cargo at, or close to, the vehicle's maximum capacity, your Ford Commercial Vehicle Dealer can help. Using their specialist expertise and knowledge, they can advise you on the exact specification of vehicle required to meet your individual business needs.

**Note** Technical information for vehicle converters can be found online via the Body and Equipment Mounting Manual at [www.etis.ford.com](http://www.etis.ford.com) ; go to >information >>vehicle conversions.

### Configure your van to suit your job

Ford Commercial Vehicles are available with a wide range of standard and optional features. Your Ford Commercial Vehicle Dealer can help you ensure that you specify the right vehicle features for your specific business needs, including technical items to aid aftermarket fitment of specialist equipment or conversion.

## Weights, loads and performance

### Fuel, performance and emissions

The test used to establish fuel consumption and CO<sub>2</sub> figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. For passenger vehicles (such as the Transit Courier Kombi), the Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the CO<sub>2</sub> figure shown for passenger vehicles will be the NEDC equivalent and this will be used to calculate Vehicle

Excise Duty. For Commercial vehicles, both the Fuel Consumption and CO<sub>2</sub> figures shown will be NEDC equivalent.

The table below shows the fuel consumption and CO<sub>2</sub> emissions for each available engine when fitted on a standard specification vehicle (with no options or accessories). Adding options or accessories to your chosen vehicle can impact WLTP fuel consumption and CO<sub>2</sub> emissions. Please speak to your Ford dealer for more information.

The fuel consumption you achieve in real life conditions and CO<sub>2</sub> produced will depend upon a number of factors including any options and/or accessories fitted, variations in weather, driving styles and vehicle load.

	Euro Stage	Gross payload <sup>®</sup>	Gross vehicle mass (kg)	Kerb mass (kg)*	Axle ratio	Max. GTM (kg) with quoted axle ratio	CO <sub>2</sub> emissions (g/km) <sup>000</sup>	Fuel consumption in mpg/(L/100km) <sup>000</sup> NEDC equivalent (with no options)			WLTP (with no options) <sup>000</sup>
								Urban	Extra Urban	Combined	Combined
Transit Courier Van											
1.0 Ford EcoBoost (100 PS (75 kW)) (with Auto Start-Stop)	Stage 6.2	530-595	1830	1300-1235	4.16	2680	119-126	42.2-45.6/ (6.2-6.7)	56.5-58.9/ (4.8-5.0)	50.4-53.3/ (5.3-5.6)	–
1.5 Duratorq TDCi (75 PS (56 kW)) (with Auto Start-Stop)	Stage 6.2	537-581	1840	1303-1259	3.55	2400	112	61.4/(4.6)	68.9/(4.1)	65.7/(4.3)	–
1.5 Duratorq TDCi (100 PS (75 kW)) (with Auto Start-Stop)	Stage 6.2	519-540	1840	1321-1300	3.55	2400	112	61.4/(4.6)	68.9/(4.1)	65.7/(4.3)	–
Transit Courier Commercial Kombi											
1.5 Duratorq TDCi (75 PS (56 kW)) (with Auto Start-Stop)	Stage 6.2	468	1800	1332	3.55	2400	112	–	–	–	52.3/(5.4)

<sup>®</sup>Payload = Gross vehicle mass, less kerb mass. All kerb masses quoted in this brochure are subject to manufacturing tolerances. Kerb mass is affected by many factors such as bodystyle, engine and options, its is the weight of the standard specification model which will vary by series. Models with a greater kerb masses have a lower payload due to the increased amount of standard equipment. Any additional options specified on the vehicle will reduce the payload accordingly. \*Represents the range of kerbweight (dependant on series) assuming full fluid levels and 90% fuel levels, but without driver, crew, cargo or options.

<sup>000</sup>The declared Fuel/Energy Consumptions, CO<sub>2</sub>-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO<sub>2</sub>-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO<sub>2</sub> emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedures enable comparison between different vehicle types and different manufacturers. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO<sub>2</sub> emissions and electric range. CO<sub>2</sub> is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO<sub>2</sub> emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

## Next steps

### try

Visit your Ford Commercial Vehicle Dealer and test drive the new Ford Transit Courier for yourself. Find your local Ford Commercial Vehicle Dealer: [www.ford.co.uk/dealer-locator](http://www.ford.co.uk/dealer-locator)

### build

Build and price your new Ford Transit Courier to your exact specification and see how it looks at [www.ford.co.uk](http://www.ford.co.uk)

## own

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition. And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

## finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products.

\*Ford Credit provides a range of finance products for your vehicle whether you are a private or business user.

^Ford Lease specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only.

For more information about our finance products visit [ford.co.uk](http://ford.co.uk)

\*Finance subject to status. Guarantee/indemnities may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and the Prudential Regulation Authority under firm reference number 204469.

^Ford Lease is provided by ALD Automotive Ltd, trading as Ford Lease, Oakwood Drive, Emersons Green, Bristol, BS16 7LB. ALD Automotive is registered in England No. 987418. For the purposes of the Data Protection Act 1998 the data controllers in relation to any information you supply are Ford Motor Company Limited, FCE Bank plc and ALD Automotive. Finance subject to status. Guarantees and indemnities may be required. ALD Automotive is authorised and regulated by the Financial Conduct Authority in respect of general insurance products.

## contact

Ford Credit Customer Services 0345 712 5490

Ford Lease Customer Services 0344 600 1405

Calls to 0344 and 0345 numbers are charged at the same rate as a standard 01 or 02 geographic number, even when calling from a mobile.

FordPass app is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, Dealer information and a host of useful guides. Live Traffic is also available free for 2 years following new registration, providing the vehicle has SYNC 3 with navigation.

Find out more at [www.ford.co.uk/owner/owner-services/fordpass](http://www.ford.co.uk/owner/owner-services/fordpass)

**Illustrations, descriptions and specifications.** This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. Fitment of accessories may have an impact on your vehicle's fuel consumption. \*The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.

**The Government fuel figures** do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
